MEMBERSHIP RENEWAL 2025

Dear Member,

A warm thank you to all the past members and participants of the Dental Technology Academy for your support. The Zoom style presentations continue to be a great success, and we could not be happy from the support we received from our sponsors.

I hope that you found the presentations informative and valuable and are on course to collect your CE points for the current year. In 2025 DTA will continue to evolve as it has every year.

Our members continue to enjoy the freedom of the virtual world and prefer Online webinars. Hence, in 2025 we will continue with our virtual classes and to utilize this opportunity to invite acclaimed speakers from all around the world.

In 2024, we welcomed many provincial associations buy membership on bulk, so they can offer their members CE opportunities at a low cost. In 2025, we will have one live program that will be streamed for all the members that cannot attend.

Once again, DTA members can participate in 4 TIA seminars. The joint membership option between TIA and SDA has been successful as we now have denturists participate in the TIA courses and dentists participate in SDA courses.

TIA is a clinical academy and gives its members the opportunity to engage with experts in implants, implant-aesthetics as well as business, management, and digital workflow. DTA will schedule 4 days of lectures, while TIA will feature 8 days of ½ day lectures with more than 16 speakers. We will also create a library of the presentations so members can review the lecturers at their own leisure later on.

I hope you subscribe, the price for you will be starts from \$399 for the early membership. Below you will see additional benefits that you will receive as an SDA Member.

DTA Annual Membership (Includes: 4 DTA days)	Price: \$399.00 + HST
